

Vodox Global Services is a leading provider of medical transcription services to physicians and clinics across US since 2001.

It currently serves 250 clinics and physicians across US.

Advancement within the organization is based strictly on the basis of a person's ability to serve our clients.

At Vodox Global, our clients ALWAYS come first.

MEDICAL  
TRANSCRIPTION  
SERVICES

## Unbeatable Quality. Unbeatable Price.

We understand how difficult it is for you to run your practice, which puts increasing pressures on you with reduced reimbursements and increasing costs. Vodox Global provides transcription services that give physicians and clinics the speed and efficiency once reserved for large hospitals. Physicians dictate on digital recorders and upload onto the secure site. Transcriptions are guaranteed next day, with 98 point accuracy. And detailed reports can be accessed over the Internet, any time, from any place.

And all this at a price which will surprise you.

Because every cent counts.

## Transcription Services at unmatched quality and unbeatable prices!!

We provide medical transcription services that you can access through the web. Dictate reports into a digital recorder number and upload them to the Vodox Global site. Log-in to your Vodox Global account (with a password) on the next business day to access your reports.

### It is that simple!!

Save up to 40% over your existing transcription services!

VODOXFLO™ is our workflow system designed to make life easier for you as a physician, so all you have to do is pick up and dictate.

### Try Us For Free!

Do ask for a free trial with absolutely no obligation for service purchase.

## Rates as low as

## Value Proposition

### Quality

Quality to us is "A product that not only meets but exceeds client expectations." We however use a multi point quality check and a multi-tier quality assurance system in order to ensure that your documents are transcribed accurately and quickly.

If you are not satisfied, the reworks are on us!

### Transcribed Report Formats

We use standard report formats for the various types of reports such as Discharge Summary, SOAP Notes, Operative note, Letter, History and Physical etc. You can specify which format to use at the beginning of account or provide us with your samples, and you shall have the reports the way YOU like them.

**NO MORE WASTING EXPENSIVE LETTERHEADS!!**

WE EVEN DESIGN YOUR LETTERHEAD AND TRANSCRIBE DIRECTLY ON THEM!

## Flexible Delivery Options

You can receive transcripts via e-mail, FTP, or fax. You can use any number of delivery options and/or all of them.

This special service comes to you AT **NO EXTRA CHARGE!**

The transcripts can also be automatically faxed to your referring physicians!

## Transcripts Delivered Overnight!

That is right!...just dictate anytime and you shall have transcripts available to download when you get in to your office in the morning.

### Security

All data transfers take over 128-bit secure lines.. the same level of security that banks employ.
